WORDS & MUSIC BY STEFANIE STEVEN 2018

Vers:

I've seen a lot of cities, I travelled around the world
I sailed so many oceans and you might have even heard
That one thing is important to know where you belong
And this is why I like to share my song

Chorus:

No matter where I am
Whatever I might see
Home is the place where I long to be
No matter where I am
Whatever I might see
Home is a place for you and me

Vers:

It isn't very easy, following your heart
Babe I have been there
So don't tear yourself apart
Cause one thing is important, to know where you belong
And this is why I like to share my song

Chorus:

No matter where I am
Whatever I might see
Home is the place where I long to be

No matter where I am
Whatever I might see
Home is a place for you and me

Bridge:

But one thing is quite certain and you know what I mean
There one place in the world you feel at home and long to be
It might be just a little place, a person or a town
And don't you give up searching for the one you feel at home

Chorus: No matter where I am

Whatever I might see
Home is the place where I long to be

No matter where I am
Whatever I might see
Home is a place for you and me
