I have had numerous compliments from many people who thought walking into the foyer with you singing and looking fabulous and Mark on the piano and sax plus all the other themed elements like the spotlights, mirror balls etc was great and helped set the scene for them for the rest of the day.

From my point of view I'd just like to say that I really appreciated your high level of professionalism throughout the 5 days, your choice of outfits and flexibility in your repertoire was superb. Your adjustments to the performance times to better suit the traffic flows into the foyer underlined your awareness you have with your surroundings and your desire to make your part in the event the very best it could be.

I felt totally comfortable leaving you to do what you do best!

If we are able, I look forward to using you again in the future and would be very happy to recommend you and Mark to prospective clients.

Thanks again
